Digital Call-In Dictation Systems

Install **DigiTel** on your PC and **DigiScribe** on your Transcriptionist's PC and be Working in Minutes!

Simply install the **DigiTel Software**, plug the **DigiTel Pod** into a USB Port and Analog Phone Lines into the **DigiTel Pod**. Dictations are recorded onto your pc, immediately available for your transcriptionists to access with our **DigiScribe Transcription Software**.

As simple to use as dialing a phone number! Just call-in, record, and hang-up! Or use your phone's touch-tone keys to Record, Pause, Playback, Mark the Dictation a Priority, Tag the Dictation with a Reference Number, or to Start a New Dictation.

Hundreds of Users can Call-In to your DigiTel System to Dictate from Any Phone, Any Time!

- **DigiTel is Ready 24/7 to Answer your Call and get your dictations to where they can be turned into documents right away.**

Your Transcriptionists can Work Locally or Remotely using our DigiScribe PC Transcription Kit!

- **Dictations are immediately available to your transcriptionist... on the Same PC, or Across Your Network, or Across the Internet.**

Safely Send Files to Remote Transcriptionists using our FtpMagic FTP File Transfer Software!

- **FTP is a Secure Way to Transfer Dictation Files to Remote Transcriptionists, and to Transfer Typed Work back to your Office.**

Use DigiTel's LogBook feature to review daily activity, or use our ReportGenie to search all activity.

- **Our ReportGenie gives you the power to quickly Search all System Activity and to create Activity and Estimated Billing Reports.**

Choose your System Size by the number of Users you want to let Call-In at the Same Time:

The number of Ports your system has equals the number of Users that can Call-In at the Same Time. But since Users typically Call-In at random intervals, the number of Users that can use your System is generally much greater than the number of available Ports.

System Size	SKU #	On-Line Price	Comments
1 Port	DT-101-USB	\$899.00	Upgradeable to 2 Ports.
2 Port	DT-102-USB	\$1,149.00	
3 Port	DT-103-USB	\$1,549.00	Upgradeable to 4 Ports.
